

## Instructions for Platinum order Pickup at Dominion Warehouse

A map is available for Dominion warehouse located at 225 Carrier Drive, Etobicoke, ON M9W 5Y8. Copy and paste this URL address for map <http://mapq.st/K0ugky>

Drive up close to the entrance gate and it will open automatically. Once past the gate turn right and drive around the Building 5 to Gate 28-you don't have to stop at the front entrance so ignore the sign. There is a staircase beside Gate 28 to walk up and enter door for Customer Pickup orders. Mario or Glen will have your order ready and direct you to the nearby gate where your order is picked and ready for loading. You will receive a Bill of Lading to sign and keep a copy for your records.

We strive to keep a consistently strong inventory of all Platinum products and have found that Dominion warehouse offers excellent service with a convenient location and efficient access close to 407 and Hwy 27. They have standard 4' loading docks and tow motor loading for pallet size orders.

Thank you for using Platinum Roofing Products
